HOW TO USE IT

1. Print a sheet (or the whole pack). Each worksheet is one page; the answer keys are at the back, so hand out the sheets and keep the keys.
2. Easy sheets show the first letter of each word. Medium and hard sheets don't — cover the hint column if your class is ready for more.
3. Every sheet has a link on the last page that opens the same worksheet online, where you can change the words, the level or the title and print again.

Levels follow the CEFR: Easy ≈ A1–A2, Medium ≈ B1, Hard ≈ B2.
